The terrain is rugged at Frontier so if you have hiking boots, bring them.

We encourage folks to drink lots of water when in the high altitude. Water bottles are sold in the camp store or you can bring one from home. A small backpack may come in handy too! Bedding and towels are provided at Frontier Ranch. The towels will be exchanged at mid-week.

Cell phones are collected at the beginning of the camp week and returned at the end of camp. Calling cards may also be purchased in the camp store. Leaders are able to keep their phones so if you need to ask a question you can call their cell phone. The phone number for Frontier Ranch is 719-395-4111. Phones are answered from 8 AM to 9 PM daily. If calls are placed after 9 PM an emergency number will be provided on the phone message. A Head Leader carries the emergency cell phone each night and emergency calls will be responded to as soon as possible.

Each cabin has a locker for the leader to use to lock up valuables. We will provide a lock to one leader in each cabin.

In the state of Colorado campers must be 18 years old to smoke. No chewing or "dip" products are allowed. All tobacco products MUST be locked in the cabin safe in order for us to be compliant with the State of Colorado Child Care Division Regulations.
