

Saturday Night Stay-Overs

If your area is staying over an extra night (Saturday night) at Frontier Ranch, please be aware of the following:

- This option is not available during session changeover weeks.
- This stay over is intended to help with travel logistics (awkward bus pick-up times, early morning flights, etc.)
- During this time, our staff and head leaders will be available to help with emergencies but will not be able to provide the level of service that you would get during our standard camp week.
- You are responsible for your group and making sure they follow the rules, get to bed on time (there will not be any cabin sweeps), and clean up after themselves.
- Depending on the size of your group, we will do our best to provide cabins (one for each gender) for your stay. If your group is larger than 35, no cabins are available, or there are extenuating circumstances, you may be asked to sleep in the Kiva (or another lobby location). Frontier Ranch will provide floor mats, pillows, and blankets.
- You will have access to a bathroom but not to showers.
- We ask that your area stay contained to your assigned sleeping quarters (inside or on the porch) for the duration of your stay. This is the one night our work crew and summer staff get to celebrate the past week with each other and is their only true “night off,” so we ask that your group stay out of the main camp area to provide our work crew and summer staff some space.
- If you have the opportunity to sleep in a cabin, the expectation is that you completely clean your cabin and remake beds before you depart on Sunday morning. Housekeeping will bring clean bedpacks and towels to your cabin for you to remake beds along with a bucket full of cleaning materials and instructions. This helps us greatly with the short turnaround time we have during summer so thank you in advance!
- If you are staying in the Kiva (or another lobby location), we ask that you clean up any trash, fold blankets, roll mats, and neatly stack your pillows before departure.
- The cabin you stay in may not be the same one you have been staying in all week.
- A \$4/person boxed breakfast-snack is available for you if you would like. Please let the admin team know 48 hours prior to arrival.
- The Housekeeping, Administrative, or Head Leader teams will be in contact with you during your week to confirm details of your Saturday night stay. We will confirm which cabins you will sleep in and where you will put your luggage during departure. Please reach out to us during the week if you have any additional questions about your stay.

Thank you in advance for respecting these requests!

I understand and agree to the above statements.
